

Doctors Who Cure Cancer: Anticancer Biography and New Way of Life to Treat the Emperor of All Maladies (Paperback)

By Artour Rakhimov

Createspace, United States, 2013. Paperback. Book Condition: New. 222 x 150 mm. Language: English . Brand New Book. The book is based on a therapy used by more than 170 Soviet and Russian medical doctors. According to their clinical observations and hundreds of Western studies, low body oxygenation is the key factor that promotes cancer. These observations resulted in a unique clinical trial on cancer patients organized by one of the Ukrainian physicians who applied the Buteyko method on 120 people with metastatic cancer. The book Doctors Who Cure Cancer provides detailed analysis of the method since this is the most successful clinical trial in the whole history of cancer research. The tested cancer therapy was based on breathing retraining or teaching patients who to breathe in accordance with medical norms days and nights. Here are some details of this trial. Early metastatic cancers are deadly, but even these cancers can be cured For early stages of metastasis, the typical 3- or 5-year survival rate is usually about 70-80 . In this astonishing published clinical trial, the survival rate in the control group was about 76 . But 96 of people in the main group, which practiced breathing exercises (to...
