Xulon Press. Paperback. Book Condition: New. Paperback. 92 pages. Dimensions: 8.5in. x 5.5in. x 0.2in. Is God really some big old guy in the sky with a long, white beard, throwing thunderbolts at people He doesn't like? Think God! demonstrates the folly of that idea as a result of over forty years of study in science and the Bible. Some of its concepts may at first seem unusual, or even controversial. The ideas in Think God! are not presented as a final explanation as to the nature of God and the universe, but as a plausible, science-based scenario that gives the reader a sound reason to believe that God does exist, and that He is a rewarder of those who diligently seek Him (Hebrews 11: 6). I have always loved Glen's insights into the deeper mysteries of the faith. His recognition that science and faith are not at all incompatible, but actually in perfect harmony, will be a boost to your faith. In this age of skepticism, Glen's book will equip you to enter the dialogue with confidence! - Jeffrey Cranford, PGA golf pro and President of Links Players International, a Christian golf media ministry and publisher of the Links Letter. Glen H. Kippel is a former broadcast engineer, announcer and radio station manager who has had a life-long passion for science and technology. After becoming a Christian at age 26, he has been devoted to studying the intersection between science and the Bible. His first book, You Can Understand the Bible! was awarded first-place in the 2010 Christian Choice Book Awards, Bible Study Division. Think God! continues in the same vein as his previous offering, Think Heaven!, a study in how theoretical physics demonstrates the possibility of a supernatural universe. This item ships from multiple locations. Your book may arrive...
