

## Physical chemistry: training (2nd Edition) [Paperback]

Filesize: 2 MB

### ***Reviews***

*Extensive guideline! Its such a great go through. It is definitely basic but surprises in the 50 % of the pdf. It is extremely difficult to leave it before concluding, once you begin to read the book.*  
(Fernando Hahn)

## PHYSICAL CHEMISTRY: TRAINING (2ND EDITION) [PAPERBACK]

paperback. Book Condition: New. Ship out in 2 business day, And Fast shipping, Free Tracking number will be provided after the shipment. Paperback Pages Number: 125 in Publisher: Dalian University of Technology Press; 2nd edition (November 1. 2009). Physical Chemistry: Training (2nd Edition) is the new century. vocational teaching materials Committee Group with one of the chemical class curriculum planning materials. and physical chemistry (theoretical article) supporting the use of The physical and chemical experiments is an important branch of the discipline of the chemistry experiment. it is a science of the physical and chemical properties by means of the principles and methods of physics and math tools to study and explore the material system and the chemical reaction law. This textbook covers the basics of physical and chemical experiments. experimental content. laboratory equipment and use of technology. the Appendix of four parts. Basic knowledge of physical chemistry experiment about the purpose and requirements of the physical and chemical experiments. the error in the experiment and data processing. laboratory safety knowledge; experiments include chemical thermodynamics. chemical kinetics. electrochemistry. interfacial phenomena. colloid chemistry experiment 21; temperature measurement and control in the experimental apparatus and the use of technology. the gas pressure and flow measurement. thermal analysis measurements. the typical instrument of electrical and optical measurements involved in the structure. principle and use; given in the Appendix physical and chemical commonly used experimental data. Contents: Chapter 1 1.1 Physical Chemistry Experiment The purpose of the basics of physical and chemical experiments and the error is 1.3 physical chemistry laboratory safety knowledge Chapter 2. experiment 2.1 Thermodynamics part of the experiment. the heat of combustion measurement experiment and data processing requirements of 1.2 of physical chemistry experiment in II and heat measurement experiment Vapor Pressure Measurement of four Completely Miscible Two Liquid System Gas-Liquid...
