Mittal Publications, New Delhi, 2006. N.A. Book Condition: New. 23 cms. xi, 111 p. ,This book is an attempt to delve into one of the problems faced by the teaching faculty at the school level. There is a tendency to brand the truant student as an incorrigible delinquent. This may be due to lack of proper under-standing. This study shows that there are various factors such as heredity and environment that make a person or breaks a person. A genuine under-standing of a truant helps to love the person as he is without condemning him. This book will be a great help for the teaching community as well as for the parents who wish to understand the different patterns of behaviour of their children.
