By Bruce Tulgan

Many organizations have finally figured out how to recruit young talent only to watch them drive down a collision course with seasoned employees over issues like work ethic, respect for authority, dress code and every work arrangement imaginable. And they're not sure what to do about it. The fact is, generational conflicts are not merely a matter of young versus old. They mirror critical business issues every organization faces as it transitions from the workplace of the past to that of the future. Managing the Generation Mix will help you place your multi-generational team on the course to collaboration. This item ships from multiple locations.
