Reviews

This publication is wonderful. I have got study and so i am confident that i am going to likely to read once again once more down the road. Its been designed in an exceedingly straightforward way which is only soon after i finished reading this ebook by which actually altered me, change the way i think.

HIGHWAYS IN HIDING (PAPERBACK)

Wildside Press, United States, 2007. Paperback. Book Condition: New. 224 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.From the creator of the Venus Equilateral series! Someone had stolen an important part of Steve Cornell's life. It was bad enough when his fiancée vanished. It was infinitely worse when everyone in the world insisted it couldn't have happened the way he knew it had. In a world where ESP and telepathy were normal, it was difficult to keep secrets. But Steve's search for his missing sweetheart brought him to the threshold of one of the greatest secrets of all time. And it was obvious that somebody would stop at nothing to keep him from uncovering it. What were the oddly sinister symbols along otherwise ordinary roads? What was behind the spreading plague called Mekstrom's Disease? Why were there blank spots where telepathy didn't work? Who was the elusive enemy with powers even beyond those ESP had bestowed on mankind? And, most important of all . could Steve find that enemy before they made him vanish too?.
