BIOTECHNOLOGY PROTEINS TO PCR

Book Condition: New. Publisher/Verlag: Springer, Basel | A Course in Strategies and Lab Techniques | ism (i. e. , *Saccharomyces carlsbergensis*, or brewer's yeast) and one of its corresponding enzymes. The experiments on this organism and enzyme are not limited to the materials suggested and can be easily adapted to the desired technical level and available budget. Similarly, the subsequent cloning experiments suggest that use of particular vectors and strains, but, as indicated, alternative materials can be used to...
