

How to Draw Dragons

By Mark Bergin

Paperback. Book Condition: New. Not Signed; From the baby dragon peeking out of its egg to the wrinkles of the wise old dragon, every aspect and type of dragon is here. Learn how to master the ripples of flames erupting from the dragon's mouth and how to add that realistic scaly effect to its skin. A must-have for wannabe dragon-tamers and fantasy enthusiasts. The How To Draw series takes a highly visual and practical approach to drawing, featuring step-by-step instructions for each art project. Duotone lines highlight each step. Each title includes information on the drawing materials you can use and where to use them most effectively. Pencil, pen, crayon, paints and charcoal and more are all covered in detail. The series covers a comprehensive range of rudimentary techniques - with sections on materials, composition and perspective. The How To Draw series is an excellent way to introduce the concepts of drawing to child and adult alike. book.

Reviews

This book is definitely not straightforward to get started on studying but extremely exciting to read. It is really simplistic but shocks in the 50 percent of the ebook. Once you begin to read the book, it is extremely difficult to leave it before concluding.

-- **Ally Reichel**

This publication is amazing. It is definitely basic but shocks in the fifty percent of your publication. You wont feel monotony at anytime of your own time (that's what catalogues are for concerning if you question me).
