Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from Building Height Bulk, and Form: How Zoning Can Be Used as a Protection Against Uneconomic Nomic Types of Buildings, on Land High-Cost Land Trained as an architect, at first in this country, and then at the Ecole des Beaux Arts, George Burdett Ford was soon primarily interested in the field of City Planning. In his service with the New York Commission on City Planning and the Commission on Building Districts and Restrictions, in his large and varied professional work as a city planner, in his work for the French Government in replanning Rheims and Soissons, in his lecturing, in his writing, he had become an international leader in the City Planning movement. As an architect and an artist, he had a profound influence on modern skyscraper architecture. The conception of the Zoning Envelope within which the form of the restricted building must lie, the first visualization of the architectural forms so brought about which now create a new architectural style, - these were primarily the work of George B. Ford during the drafting of the...
