THE AUTOMOTIVE BLACK BOX DOCKETS (PAPERBACK)

Micah Publications, United States, 2008. Paperback. Book Condition: New. 277 x 216 mm. Language: English . Brand New Book ***** Print on Demand *****.This important compendium will be useful to anyone researching the history of automotive Event Data Recorder (EDR) technologies. The USDOT/NHTSA Federal dockets begin April, 1999 and conclude May, 2007 - eight years! The reader can easily identify any of the 1112 docket documents. This compendium gathers the Federal dockets that led to 49 CFR 563: Event Data Recorders into one document that could be used as a primary research resource. To appreciate the significance of these dockets one should have a basic understanding of the Federal regulatory process. The Federal Register or FR is the official daily publication for rules, proposed rules, and other notices of Federal Departments and Agencies and organizations, as well other government documents. A regulation or rulemaking is the name given to the process followed by Federal Departments and Agencies to formulate, amend, or repeal a regulation. A Federal regulation is generally an authoritative requirement issued by a Federal Department and Agency that implements a statute and has the force of law. The rulemaking process generally consists of a proposed rule stage and a final rule stage. For most categories of rulemaking, the Department or Agency provides notice of a proposed regulation. Any person or organization may review this document and submit comments on it in writing. The period during which public comments are accepted varies, but is usually 30, 60, or 90 days. A docket is a collection or repository for documents or information related to an Agency's rulemaking activity. The docket generally consists of one or more Federal Register documents, the materials specifically referenced in those documents, any public comments and submissions received, and other information used by decision-makers or...
